# HIRSCH

# **Primis Branded** Custom Branding. End-to-End Solution.

Give your customers a unified, end-to-end solution complete with your own branding.

#### **Custom-Branded Access**

Primis Branded lets you offer customers your own branded solution including readers, cards, and software GUI. Customize the color, logo, and overlay on your Primis readers, add your brand to access cards, and apply color and logos to your web skin.

#### **Primis Access Control System**

IT-centric, cyber-secure Primis uses encryption bridges at the network edge to communicate with onsite and geo-distributed software.

#### **Primis Access Control Readers**

Primis is secure, flexible, and simple to configure.

The plug-and-play, customizable readers bring the latest technology to traditional access control systems.

#### **Access Control Cards**

We provide advanced personalization services for all types of plastic credential cards in a variety of markets, including access control, education, hospitality, pharmaceuticals, and hospitals.

#### Web Software GUI

By adding your own colors, logo, and branding to your Primis software interface, you can offer your customers a cohesive brand experience.

or email sales@hirschsecure.com.
